REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants and the Administrator of the
Exelon Corporation Employee Savings Plan:

Opinion on the Financial Statements

We have audited the accompanying statement of net assets available for benefits of the Exelon Corporation Employee Savings Plan (the "Plan") as of December 31, 2018, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes and schedules (collectively referred to as the financial statements). In our opinion, the financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2018, and the changes in net assets available for benefits for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We are a public accounting firm registered with the Public Company Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Plan in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with auditing standards of the PCAOB. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit we are required to obtain an understanding of internal control over financial reporting, but not for the purpose of expressing an opinion on the effectiveness of the Plan's control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provide a reasonable basis for our opinion.

Supplemental Information

The supplemental information in the accompanying schedule of assets (held at end of year) as of December 31, 2018 has been subjected to audit procedures performed in conjunction with the audit of the Plan's financial statements. The supplemental information is the responsibility of the Plan's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting or other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information in the accompanying schedule, we evaluated whether the supplemental information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the supplemental information in the accompanying schedule is fairly stated in all material respects in relation to the financial statements as a whole.

/s/ MITCHELL & TITUS, LLP

We assumed the responsibility to serve as the Plan's auditor in 2019 resulting from an acquisition transaction with the predecessor firm. We are uncertain as to the year the predecessor firm began serving consecutively as the auditor of the Plan's financial statements; however, we are aware that the predecessor firm has been the Plan's auditor since at least 1996.

Chicago, Illinois

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants and the Administrator of the
Exelon Corporation Employee Savings Plan:

Opinion on the Financial Statements

We have audited the accompanying statement of net assets available for benefits of the Exelon Corporation Savings Plan (the "Plan") as of December 31, 2017. In our opinion, the accompanying statement of net assets available for benefits presents fairly, in all material respects, the net assets available for benefits of the Exelon Corporation Employee Savings Plan at December 31, 2017 in conformity with accounting principles generally accepted in the United States of America

Basis for Opinion

This financial statement is the responsibility of the Plan's management. Our responsibility is to express an opinion on this financial statement based on our audit. We are a public accounting firm registered with the Public Company Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Plan in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with auditing standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud.

Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

/s/ WASHINGTON, PITTMAN & McKEEVER, LLC

We are uncertain as to the year we became the Plan's auditor. The earliest year of which we have knowledge serving as the Plan's auditor is 1996.

**EXELON CORPORATION EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

1. Plan Description

The following description of the Exelon Corporation Employee Savings Plan (the "Plan") is provided for general information purposes only. The official text of the Plan, as amended, should be read for more complete information.

General

The Plan was established by Commonwealth Edison Company, effective March 1, 1983, to provide a systematic savings program for eligible employees and to supplement such savings with employer matching contributions. On March 30, 2001, the Commonwealth Edison Employee Savings and Investment Plan was combined with the PECO Energy Company Employee Savings Plan to become the Exelon Corporation Employee Savings Plan. On July 1, 2014, the Constellation Energy Group, Inc. Employee Savings Plan was merged into the Plan. On July 1, 2015, the Employee Savings Plan for Constellation Energy Nuclear Group, LLC and Represented Employee Savings Plan for Nine Mile Point were merged into the Plan. On July 1, 2018, the BG New England Power Services, Inc. Union Retirement 401(k) Plan, BG New England Power Services, Inc. 401(k) Plan, BG Boston Services LLC Union Retirement 401(k) Plan, and Pepco Holdings Inc. Retirement Savings Plan was merged into the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and the Internal Revenue Code of 1986, as amended (the "Code"). The Exelon Corporation Stock Fund, which is an investment option under the Plan, is invested primarily in Exelon Corporation common stock and is intended to be an Employee Stock Ownership Plan under Code Section 4975(e)(7).

Exelon Corporation ("Exelon") is the sponsor of the Plan and the administrator of the Plan (the "Plan Administrator") acting through Exelon's Director of Employee Benefit Plans and Programs. The Plan Administrator has the responsibility for the day-to-day administration of the Plan. Exelon, acting through the Exelon Investment Office, is responsible for the selection and retention of the Plan's investment options and any investment manager that may be appointed under the Exelon Corporation Defined Contribution Retirement Plans Master Trust (the "Master Trust"). The Northern Trust Company is the Plan trustee ("Trustee") and Northwest Plan Services, Inc. is the Plan recordkeeper ("Recordkeeper").

Generally, any regular employee whose employment is subject to a collective bargaining agreement that provides for participation in the Plan and any regular non-represented employee of a subsidiary of Exelon that is designated by Exelon as participating in the Plan (such subsidiary referred to individually and collectively as the "Company") is eligible to elect to participate in the Plan. Participating employees include employees represented by: International Brotherhood of Electrical Workers ("IBEW") Locals 15, 97, 614, 210, 210-5, 1238, 1307 and 1900; Utility Workers of America Local 369; Security, Police & Fire Professionals of America Locals 228 and 238; Service Employees International Union Local 1; United Government Security Officers of America Locals 12, 17 and 18; and United Security Services Union Local 1. Newly hired employees who do not make a participation election within 90 days after their date of hire will automatically be enrolled in the Plan as soon as administratively practicable after their 90th day of employment with a pre-tax deferral of 3% of eligible pay per pay period and 1% increase each March 1st, generally beginning with the second calendar year that begins after automatic enrollment first applies to the participant, until the rate reaches the minimum rate required in order to maximize the applicable company matching contribution. Contributions to the Plan will be automatically invested in the custom target retirement fund that corresponds to the participant's anticipated retirement date (based on the participant's birth date). A participant who is subject to automatic enrollment may elect within 90 days of the first automatic contribution, to withdraw all automatic contributions adjusted for any investment gains or losses. Such a withdrawal would be subject to federal income tax but not

**EXELON CORPORATION EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

to any early withdrawal penalty. Additionally, the participant will forfeit any employer matching contributions made with respect to such automatic contributions.

Exelon will shut down the Three Mile Island ("TMI") generation station by September 30, 2019 and will sell the assets of the Oyster Creek generation station on or around July 1, 2019. There are currently no probable and reasonably estimable impacts to the Plan.

Participant Contributions

The Plan generally permits salaried, non-represented hourly and participating represented employees to contribute between 1% and 50% (percentage varies for some represented employees based on the applicable collective bargaining agreement) of eligible pay each pay period on a pre-tax basis, an after-tax basis, a Roth basis or a combination of the three, subject to certain Internal Revenue Service ("IRS") limitations.

During any calendar year in which a participant attains age 50 or older, he or she may elect to make additional pre-tax contributions, called "catch-up" contributions, to the Plan. In order to be eligible to make catch-up contributions, the participant must anticipate that his or her pre-tax contributions to the Plan will reach the applicable annual IRS limit on that type of contribution or be contributing at the maximum base pay level. Catch-up contributions are not credited with the Company's fixed or profit-sharing matching contribution.

Company Contributions

Effective January 1, 2010, with respect to non-represented employees, except non-exempt craft and clerical employees assigned to the Peach Bottom, Limerick, Outage Services East, Philadelphia Electric Company or Texas generating plant, Exelon provides both a fixed and annual profit-sharing match. Under the fixed match, Exelon matches 60% of the first 5% of a participant's eligible pay contributed per pay period, by the employee for a maximum annual fixed match percentage of 3% of the participant's eligible pay. Additionally, with respect to such employees, Exelon may make an annual profit-sharing match of up to 3% of eligible pay contributed per pay period, based on specified performance goals established by the Compensation Committee of Exelon's Board of Directors (the "Committee"). Combined, the total employer match (fixed and profit-sharing) is an annual maximum of up to 6% of a participant's eligible pay. Any profit-sharing match will be contributed to the Plan after the end of each calendar year. The 2018 profit-sharing match contributed in 2019 was \$50,784,275. The 2017 profit-sharing match contributed in 2018 was \$7,850,268. Generally, a participant must be employed on the last day of a calendar year to receive the profit-sharing match for that year. In the event a participant terminates employment during the calendar year due to death, long-term disability or retirement (age 50 and completion of 10 years of service with the Company) or in the event a participant terminates employment with the Company and receives benefits under the severance plan, the participant will be eligible to receive a profit-sharing match.

With respect to non-represented, non-exempt craft and clerical employees assigned to the Peach Bottom, Limerick, Outage Services East, Philadelphia Electric Company or Texas generating plant, Exelon provides a fixed match of 100% of the first 5% of a participant's eligible pay contributed per pay period. Employer matching contributions and additional non-discretionary fixed employer contributions for represented employees are based on the applicable collective bargaining agreement.

Effective January 1, 2015, for employees within the Commercial Retail or Commercial Wholesale business of Exelon Generation Company, LLC who are eligible to participate in the Constellation Short-Term Incentive Award Program, the Company provides an additional non-discretionary fixed contribution of 3% of eligible pay. Effective February 1, 2018, for employees hired on or after February 1, 2018 who are not eligible to participate in the Exelon Corporation Cash Balance Pension Plan, the Company provides an additional non-discretionary fixed contribution of 4% (3% for BGE Home employees) of

**EXELON CORPORATION EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

eligible pay. Any non-discretionary fixed contribution will be contributed to the Plan after the end of each calendar year based on eligible pay determined as of the last day of the applicable plan year.

Investment Options

The Plan's investments are held in the Master Trust, which was established in 2006, for the investments of the Plan and other savings plans sponsored by Exelon. The Plan investments are fully participant-directed, and the Plan is intended to satisfy Section 404(c) of ERISA.

The investment options include a menu of funds that include twelve custom Target Date Fund options, three actively-managed custom funds, nineteen passively-managed funds, the Northern Trust U.S. Government Short-Term Investment Fund and the Exelon Corporation Stock Fund. Below is a brief description of each of the investment options available as of December 31, 2018 and 2017. These descriptions are not, and are not intended to be, complete descriptions of each investment option's risk, objective and strategy.

- **Target Date Funds** - Diversified funds managed by multiple investment managers that seek to provide investment return, shifting from an emphasis on capital appreciation to an emphasis on income and inflation protection as the fund approaches and passes its target retirement age. Target allocations of the funds are designed using certain assumptions, including that most Exelon plan participants receive a 401(k) company matching contribution under the Plan, either earn pension benefits over their careers or receive additional employer 401(k) contributions in lieu of pension benefits, and typically begin receiving retirement benefits around age 61. The funds reduce exposure to equity and real estate, and increase exposure to fixed income and certain other investments, as the target retirement date approaches, and for ten years thereafter.
- **Actively-managed custom funds** - These funds use a multi-manager approach whereby the fund's assets are allocated to several investment managers that act independently of each other and follow their own distinct investment style in investing in securities. The portfolios are principally managed using an active approach with the objective of collectively exceeding the record of the fund benchmark.
- **Passively-managed funds** - These funds seek investment results that correspond generally to the price and yield performance, before fees and expenses, of a particular index.
- **Northern Trust U.S. Government Short-Term Investment Fund** - This fund is an investment vehicle for cash reserves that offers a rate of return based on a portfolio of obligations of the U.S. Government, its agencies or instrumentalities, and related money market instruments. Principal preservation and liquidity management are the fund's prime objectives.
- **Exelon Corporation Stock Fund** - This fund primarily invests in Exelon common stock with some short-term liquid investments. The Exelon Corporation Stock Fund does not represent direct ownership of Exelon common stock. The fund's unit value is determined by dividing the total current fair value of the investments in the fund by the total number of units owned. This fund is not diversified and is considered riskier than a "diversified" portfolio.

Notes Receivable from Participants

A participant may, upon application, borrow from the Plan. Only one loan is permitted to a participant in any calendar year with a maximum of five (as of April 6, 2009, three for the majority of non-represented employees and employees whose collective bargaining agreement limits loans to three) outstanding at any time, and the amount of any loan shall not be less than \$1,000. The aggregate amount of all outstanding loans may not exceed the lesser of (i) 50% of a participant's vested balance in the Plan or (ii) \$50,000 minus the excess of the highest outstanding balance of all loans from the Plan to the participant during the previous 12-month period over the outstanding balance of all loans from the Plan to the participant on the day the loan is made. For loans other than home loans, the maximum

**EXELON CORPORATION EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

term is five years. For a home loan, the maximum term is fifteen years and the minimum is five years. The interest rate on all loans is the prime rate for commercial loans plus 1%. Principal and interest is paid ratably through monthly payroll deductions or direct payment, as applicable. No lump-sum or installment distribution from the Plan will be made to a participant who has received a loan, or to a beneficiary of any such participant, until the loan, including interest, has been repaid out of the funds otherwise distributable. In the event a participant defaults on the repayment of a loan, the loan will be considered a taxable distribution of the participant's account and may be subject to an early withdrawal penalty.

Withdrawals by Participants While Employed

Generally, a participant may withdraw up to the entire balance of his or her after-tax contributions account once each calendar year. After making such a withdrawal, the participant must wait six months before making a new election to resume after-tax contributions to the Plan if the distribution is received by the participant before attainment of age 59½. A participant may also withdraw up to an amount equal to the balance in his or her rollover account.

Generally, a participant may make withdrawals from his or her before-tax, catch-up, matching, Roth, Roth catch-up and Roth rollover contributions accounts, but only if the participant has attained age 59½ or, prior to that age, only in an amount required to alleviate financial hardship as defined in the Code and regulations promulgated thereunder. Financial hardship withdrawals from a before-tax contributions account suspend the participant's right to make contributions to the Plan for six months.

While any loan to the participant remains outstanding, the maximum amount available for withdrawal shall be the balance in such account less the balance of all outstanding loans.

Distributions upon Termination of Employment

Upon termination of employment, including the retirement, total disability or death of a participant, a participant is entitled to the distribution of his or her entire account balance. Such distribution will be made, as elected by the participant, in the form of either a single lump-sum payment, an ad hoc partial distribution, or in substantially equal annual, quarterly or monthly installments over any period of time specified by the participant, subject to meeting any restrictions required by applicable law, including but not limited to the minimum distribution requirements under the Code. If a participant elects installment payments, the participant can elect to change the amount, frequency and number of payments at any time. A participant may elect ad hoc partial withdrawals of any amount at any time. A participant may elect to defer distributions until age 70½. If the value of a participant's account is \$1,000 or less, the participant will receive a lump sum distribution from the Plan upon termination of employment. If the value of a participant's account is greater than \$1,000, the participant can leave his or her account in the Plan. Generally, distributions will be taxed as ordinary income in the year withdrawn and may also be subject to an early withdrawal penalty if taken before age 59½, unless eligible rollover distributions are rolled over to another qualified plan or an Individual Retirement Account ("IRA"). A 20% mandatory federal income tax withholding applies to withdrawals that are eligible for rollover, but which are not directly rolled over to another qualified plan or an IRA. If a participant does not specify the form and timing of the participant's distribution, the benefit generally will be paid in installments beginning no later than April 1 of the calendar year following the calendar year in which the participant attains age 70½.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (i) the Company's corresponding contributions and (ii) Plan earnings, and charged with an allocation of Plan administrative costs. Allocations are based on participant elections or account balances, as applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**EXELON CORPORATION EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

Vesting of Participants' Accounts

Participants are fully vested in their accounts at all times.

Investment Income

Dividends and earnings received on all funds, with the exception of the Exelon Corporation Stock Fund, are automatically reinvested in the fund to which those earnings apply.

Employee Stock Ownership Plan

If a participant invests any portion of his or her account in the Exelon Corporation Stock Fund and is eligible to receive dividend distributions from the Plan, then the participant is deemed to have elected to have the dividends reinvested in the Exelon Corporation Stock Fund. If the participant prefers to receive any such dividends in cash, he or she can so elect by contacting the Recordkeeper. Dividends distributed to the participant in cash from the Plan are subject to income tax as a dividend and not subject to an early withdrawal penalty.

2. Summary of Significant Accounting Policies**General**

The Plan follows the accrual method of accounting, in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Withdrawals and distributions are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's interest in the Master Trust is stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the Plan interest in investment income from the Master Trust. See Note 3 — Fair Value of Interest in Master Trust for further information.

Plan Expenses

A participant's account balance will be charged with certain fees and expenses. Asset-based fees (e.g., management fees and other fund operating expenses) are used to cover the expenses related to running an investment fund, and are generally deducted directly from a participant's investment returns. The asset-based fees relating to the target date and custom funds are primarily presented within the investment and administrative fees of the Master Trust. See Note 3 — Fair Value of Interest in Master Trust for further information.

Plan administration fees cover the day-to-day expenses of administering the Plan and are covered by amounts deducted directly from participant accounts. Transaction-based fees also may be charged with respect to optional features offered under the Plan (e.g., loans) and are charged directly against a participant's account balance.

**EXELON CORPORATION EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus accrued interest. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

Recent Accounting Pronouncements***Master Trust Presentation and Disclosures***

In February 2017, the Financial Accounting Standards Board ("FASB") issued authoritative guidance that requires a plan's interest in a master trust and any change in interest in the master trust to be presented as a single line item in the statement of net assets available for benefits and in the statement of changes in net assets available for benefits. It also requires that plans with a divided interest disclose the master trust's investments by general type and other assets and liabilities balances, as well as the dollar amount of the plan's interest in each of those balances. The new guidance is effective for periods beginning after December 15, 2018 and is required to be applied retrospectively. Early adoption is permitted. The Company is currently assessing the effects this guidance may have on the Plan's financial statement disclosures.

Fair Value Measurements and Disclosure

In August 2018, FASB issued authoritative guidance that removed the requirements to disclose the following:

- The amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy.
- The policy for timing of transfers between levels
- The valuation processes for Level 3 fair value measurements.

The guidance added a requirement to disclose the range and weighted average of significant unobservable inputs to develop Level 3 fair value measurements.

The new guidance is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. The amendments to remove disclosures must be applied retrospectively and can be early adopted, while the amendments to add disclosures must be applied prospectively and adoption can be delayed until the effective date. The Company is currently assessing the effects this guidance may have on the Plan's financial statement disclosures.

**EXELON CORPORATION EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

3. Fair Value of Interest in Master Trust

The Plan established a Master Trust Agreement with the Trustee for the purpose of investing assets of the Plan and other savings plans sponsored by Exelon. The investment options for the three savings plans that participate in the Master Trust are the same. Effective January 1, 2016, the Exelon Corporation Stock Fund was offered in all three savings plans that participate in the Master Trust. The Master Trust is comprised of two master trust investment accounts ("MTIA") - one of which contains primarily real estate investments ("MTIA B") and another for the remaining other investments ("MTIA A"). The real estate account within the Master Trust is comprised primarily of real estate assets that do not have an observable value (either directly or indirectly) on an established market, and therefore, is being reported separately for Form 5500 purposes. Interest and dividends along with net depreciation or appreciation in the fair value of investments are allocated to the Plan on a daily basis based upon the Plan's equitable share of the various investment funds and portfolios that comprise the Master Trust. The Plan's Statements of Net Assets Available for Benefits include its share of investments maintained in the Master Trust measured at fair value on a recurring basis.

At December 31, 2018 and 2017, the Plan's interest in the net assets of the Master Trust was approximately 98.45% and 98.05% respectively.

**EXELON CORPORATION EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

The net assets of the Master Trust as of December 31, 2018 and 2017 are as follows:

**EXELON CORPORATION EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

The net investment (loss)/income of the Master Trust for the year ended December 31, 2018 is as follows:

	Year Ended December 31, 2018		
	MTIA A	MTIA B	Total
Corporate stock dividends	\$ 51,989,729	\$ 328,469	\$ 52,318,198
Other interest and dividends	66,847,442	566,958	67,414,400
Net (depreciation)/appreciation in the fair value of investments	(550,665,037)	13,067,577	(537,597,460)
Total net investment (loss)/income	(431,827,866)	13,963,004	(417,864,862)
Investment and administrative expenses not directly allocated to the plans	(13,351,481)	(1,584,952)	(14,936,433)
Total Master Trust net investment (loss)/income	\$ (445,179,347)	\$ 12,378,052	\$ (432,801,295)

For the year ended December 31, 2018, the Plan's interest in the net investment income of the Master Trust is 98.47%.

Recurring Fair Value Measurements

To increase consistency and comparability in fair value measurements, the FASB established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels as follows:

- Level 1 - unadjusted quoted prices in active markets for identical assets for which the Plan has the ability to access as of the reporting date.
- Level 2 - inputs other than quoted prices included within Level 1 that are directly observable for the asset or indirectly observable through corroboration with observable market data.
- Level 3 - unobservable inputs, such as internally-developed pricing models for the asset.

The valuation methods for each investment category are described below.

Interest bearing cash. Interest bearing cash is valued daily based on observable market prices and is categorized as Level 1.

U.S. government securities. U.S. government securities are valued daily based on quoted prices in active markets. Investments in U.S. Treasury securities have been categorized in Level 1 because they trade in highly liquid and transparent markets. Investments in U.S. government affiliates are based on evaluated prices that reflect observable market information, such as actual trade information of similar securities, adjusted for observable differences and are categorized as Level 2.

Preferred and other corporate debt instruments. Corporate debt instruments are based on evaluated prices that reflect observable market information, such as actual trade information of similar securities, adjusted for observable differences and are categorized as Level 2.

Preferred and common corporate stock. The Master Trust's stock investments are primarily traded on exchanges that contain only actively traded securities, due to the volume trading requirements imposed by these exchanges. Preferred and common corporate stocks, including rights and warrants, are valued daily based on quoted prices in active markets and are categorized as Level 1. Certain securities have been categorized as Level 2 because they are based on evaluated prices that reflect observable market information, such as actual trade information of similar securities.

**EXELON CORPORATION EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

Real estate. Income producing real estate funds are valued by the fund managers on a daily basis. Fund values are based on valuation of the underlying investments which may include inputs such as operating results, discounted future cash flows and market-based comparable data. The valuation inputs are unobservable. Certain real estate investments are redeemable from the investment vehicle quarterly. The fair value is determined using NAV or its equivalent as a practical expedient and are not classified within the fair value hierarchy.

Common/collective trust funds. Common/collective trust funds are maintained by investment companies and hold investments in accordance with a stated set of fund objectives. For common/collective trust funds which are not publicly quoted, the funds are valued using the NAV per fund share as a practical expedient, which is primarily derived from the quoted prices in active markets of the underlying securities, and are not classified within the fair value hierarchy. Common/collective trust funds can be redeemed daily.

Registered investment company securities. Registered investment company securities are investment funds maintained by investment companies that hold investments in accordance with a stated set of fund objectives. For funds with values that are publicly quoted on a daily basis in active markets, the funds have been categorized as Level 1. For funds with values which are not publicly quoted, the funds are valued using the NAV per fund share as a practical expedient, which is primarily derived from the quoted prices in active markets of the underlying securities, and are not classified within the fair value hierarchy. The registered investment company securities can be redeemed daily.

Other investments. Other investments include futures contracts, swap contracts, holdings in real estate investment trusts, and state, municipal and foreign government fixed income securities. Futures contracts are valued daily based on quoted prices in active markets and trade in open markets, and have been categorized as Level 1. Real estate investment trusts are valued daily based on quoted prices in active markets and have been categorized as Level 1. State, municipal and foreign government fixed income securities are valued daily using evaluated prices that reflect observable market information, such as actual trade information of similar securities, adjusted for observable differences and are categorized as Level 2. Derivative instruments other than futures contracts are valued based on external price data of comparable securities and have been categorized as Level 2.

Transfer policy

The Company's policy is to recognize transfers into and out of levels as of the end of the reporting period.

The Plan's Statements of Net Assets Available for Benefits include its share of investments maintained in the Master Trust measured at fair value on a recurring basis. In accordance with the applicable guidance on fair value measurement, certain investments that are measured at fair value using the NAV per share as a practical expedient are no longer classified within the fair value hierarchy and are included under Not subject to leveling in the table below.

**EXELON CORPORATION EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

The following tables present the fair value of assets in the Master Trust and their level within the fair value hierarchy as of December 31, 2018 and 2017.

There were no significant transfers between Level 1 and Level 2 during the years ended December 31, 2018 and 2017.

**EXELON CORPORATION EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

4. Risks and Uncertainties

The Plan provides for various investment options in several investment securities and instruments. Investment securities are exposed to various risks, such as interest, market and credit risk. Due to the level of risks associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in values in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

From time to time, investment managers may use derivative financial instruments including futures, forward foreign exchange, and swap contracts. Derivative instruments may be used to mitigate exposure to foreign exchange rate and interest rate fluctuations as well as manage the investment mix in the portfolio. The Plan's exposure is limited to the fund(s) utilizing such derivative investments. Risks of entering into derivatives include the risk of an illiquid market, inability of a counterparty to perform, or unfavorable movement in foreign currency exchange rates, interest rates, or the underlying securities.

Some investment managers may engage in securities lending programs in which the funds lend securities to borrowers, with the objective of generating additional income. The borrowers of fund securities deliver collateral to secure each loan in the form of cash, securities, or letters of credit, and are required to maintain the collateral at a level no less than 100% of the market value of the loaned securities. Cash collateral is invested in common/collective trust funds or collateral pools. Participation in securities lending programs involves exposure to the risk that the borrower may default and there may be insufficient collateral to buy back the security. Lenders of securities also face the risk that invested cash collateral may become impaired or that the interest paid on loans may exceed the amount earned on the invested collateral. The Plan's exposure is limited to the funds that lend securities.

5. Income Tax Status

The Plan obtained its latest determination letter on May 25, 2017 in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan is qualified under Section 401(a) and 401(k) of the Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan design remains in compliance with the applicable requirements of the Code. Therefore, it is believed that the Plan was qualified and the related Master Trust was tax-exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Company has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018, there were no uncertain tax positions taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**EXELON CORPORATION EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

6. Plan Termination

The Plan may be amended, modified or terminated by Exelon at any time. The Plan may also be terminated if the IRS disqualifies the Plan. Termination of the Plan with respect to a participating employer may occur if there is no successor employer in the event of dissolution, merger, consolidation or reorganization of such employer company. In the event of full or partial termination of the Plan, assets of affected participants of the terminating employer or employers shall remain 100% vested and distributable at fair market value in the form of cash, securities or annuity contracts, in accordance with the provisions of the Plan.

7. Related Party Transactions

Investment options in the Plan include common/collective trust funds managed by the Trustee or its affiliates. The Master Trust also holds shares of Exelon common stock. These transactions qualify as exempt party-in-interest transactions, in accordance with ERISA. There have been no known prohibited transactions with a party-in-interest.

8. Plan Transfers

In 2018, there were transfers totaling \$1,161,570,532 to the Plan (\$8,533,745 from the Exelon Employee Savings Plan for Represented Employees at TMI and Oyster Creek, \$895,553 from the Exelon Employee Savings Plan for Represented Employees at Clinton, \$1,127,744,177 from the Pepco Holdings Inc. Retirement Savings Plans, \$12,951,933 from BG Boston Services LLC Union Retirement 401(k) Plan, \$5,092,194 from BG New England Power Services, Inc. Union Retirement 401(k) Plan, and \$6,352,930 from BG New England Power Services, Inc. 401(k) Plan). In 2017, there were transfers totaling \$150,328 from the Plan (\$66,252 to the Exelon Employee Savings Plan for Represented Employees at TMI and Oyster Creek and \$84,076 to the Exelon Employee Savings Plan for Represented Employees at Clinton).
